

I am Alan Rodriguez

University Lecturer

Age: 26

Gender: Male

Studies: Industrial Engineering

Location: Temuco

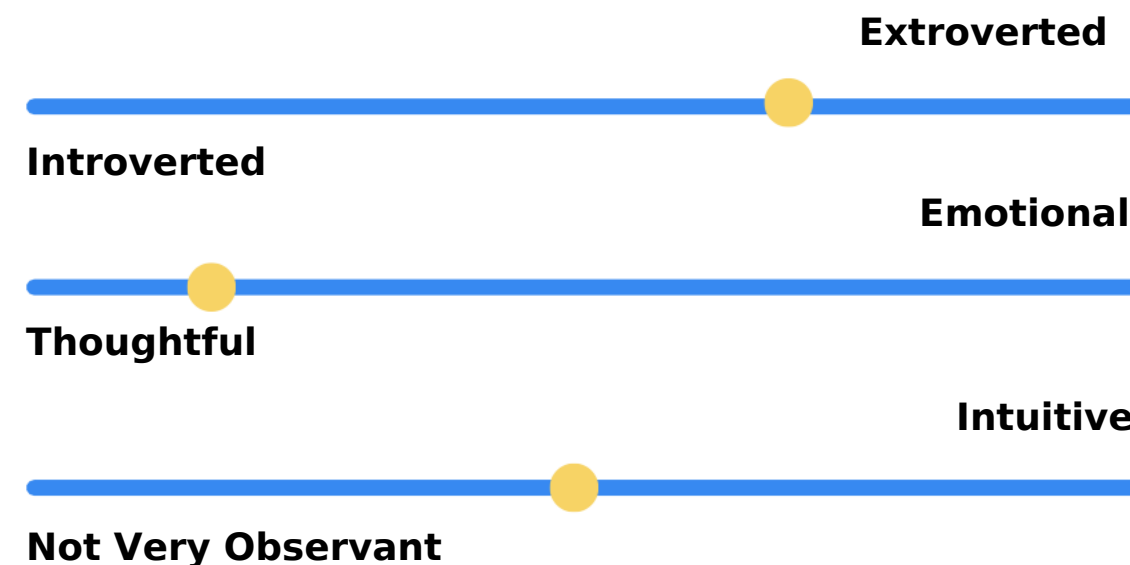

Marital Status: Single

As a professor and recent student, I believe that a professor should provide grades on time.

Biography:

Alan studied and is currently a lecturer at the Universidad de la Frontera. He has been working as a lecturer for one year after earning his Master's degree. He is hardworking, strict, and comfortable using technology.

Personality:

Interests:

Travel, going out with friends

Goals:

- Own a house
- Travel while working online
- Meet new people and their cultures
- Have his students understand their mistakes
- Be intuitive to use

Frustrations:

- Not getting promoted and remaining in the same job position
- Not being able to enjoy my free time
- Not being able to travel the world

I am Roberto Hernandez

University Lecturer

Age: 50

Gender: Male

Studies: History and
Geography Education

Location: Temuco

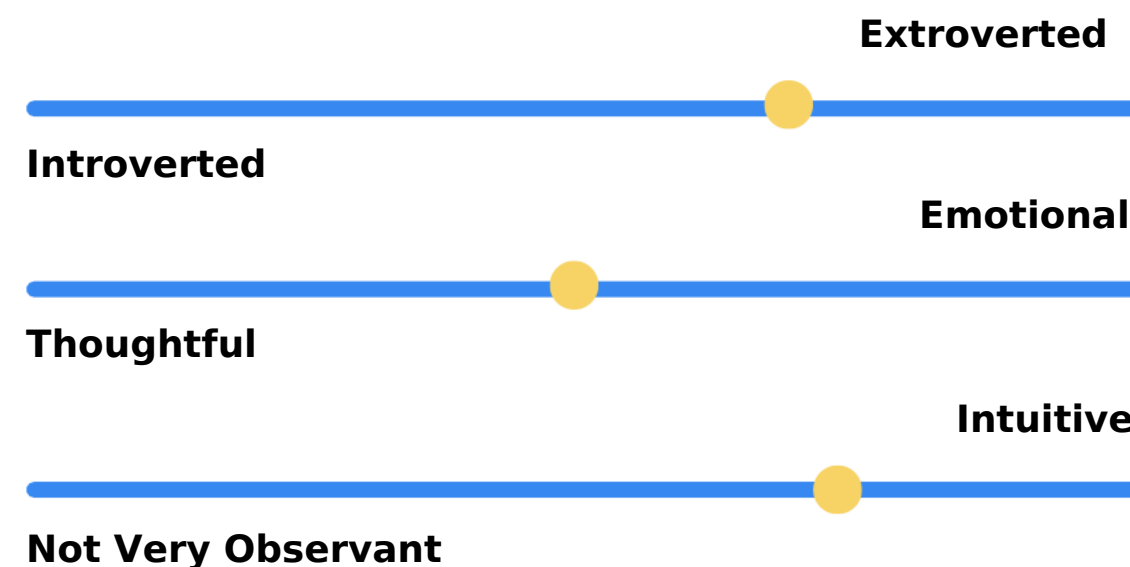

Marital Status: Married

As a professor, I consider grades less important than learning in class

Biography:

Roberto studied at a rural school and, thanks to his enthusiasm and good grades, was able to receive a university scholarship. He is a relaxed and flexible professor who values effort in class.

Personality:

Interests:

Reading, going for walks with his family, fishing.

Goals:

- Learn to use new technology
- Have his students learn in class with more interactive tools

Frustrations:

- Not understanding current technology
- Feeling disconnected from younger people

I am Aina Solar

University
Student

Age: 20

Gender: Female

Studies: Computer Science

Location: Villarrica

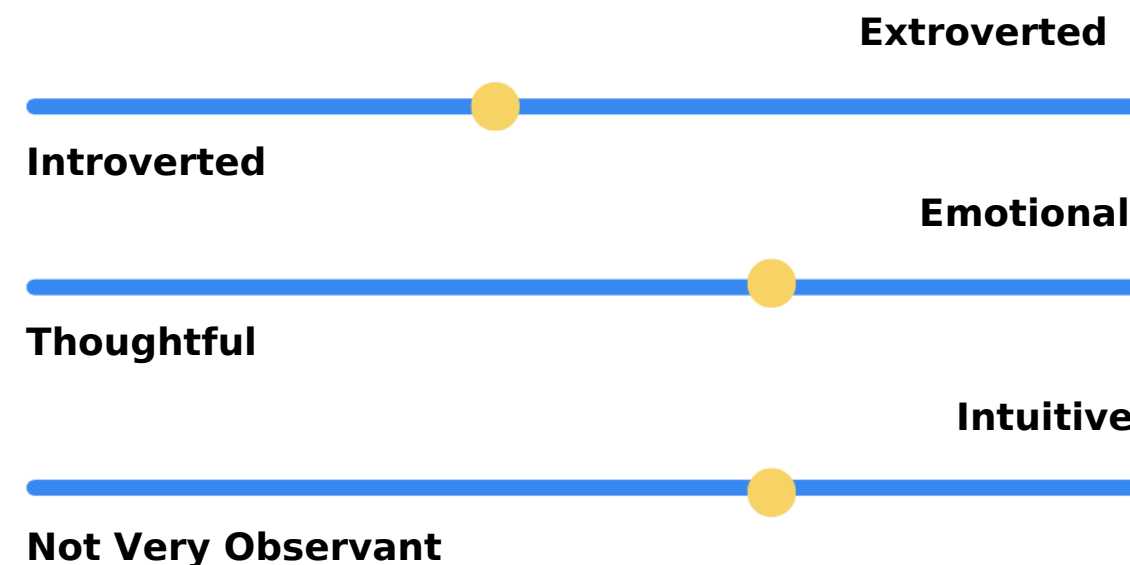

Marital Status: Single

As an out-of-town student, I need to receive my grades and feedback on time because I do not have much free time

Biography:

Young student raised in Villarrica. She has a high level of knowledge of current technology and uses it for her studies. She rents a place in Temuco to attend university.

Personality:

Interests:

Going out with friends, studying.

Goals:

- Graduate
- Become independent and live in another city
- Meet new people
- Be able to estimate her average grade in advance
- Improve her grades

Frustrations:

- Not receiving her grades on time
- Not knowing what she did wrong in her assessments
- Not living in the city where she studies
- Not having free time
